Hello, Welcome to Your Live Coding CAT.

WEB DEVELOPMENT SCHOLARSHIP 2022
**VIVALDI MORNING CLASS**
8 am - 11 am

Instructions

There are two sections in this CAT

Section A

1. Answer all the questions within the time limit set 3 hrs
2. Submit a screen-shot of the system display and the code section of the specific question to the LMS
3. Questions 1, 2, and 3 in section A require you to have the bootstrap Dashboard example tackled in class
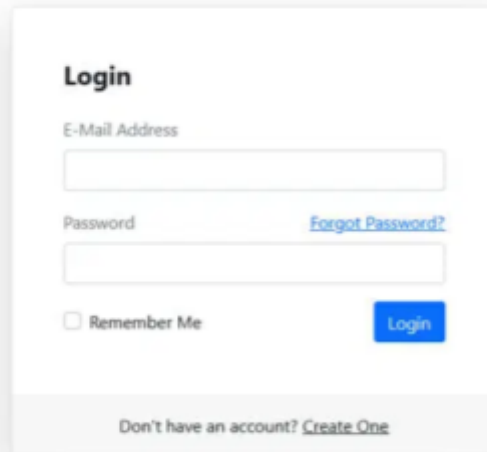

Answer All The Questions Below

1. On the Menu bar on the left of your dashboard, create a new link and make it a drop-down menu that can access two more items. *(hint~ Use Bootstrap Dropdown Menus)*
2. Make your Message Icon on the dashboard clickable to display a list of messages. *(hint~ You can use the Collapse or the Dropdown Menu)*

3. Create a Column on the dashboard to try and achieve the design below. *(hint Use Alert boxes and List Items)*
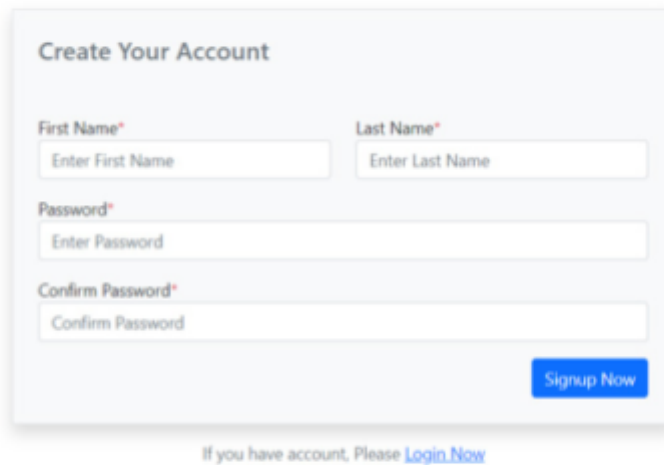

Section B

4. Using HTML, CSS, and Bootstrap Design a login page. Use Figure 1 as your guide for design. Link the login button to the Dashboard page

Figure 1

5. Using Bootstrap, HTML, and CSS, Create a Signup Form. Use figure 2 as a guide for your design. Link the Login Page to a Signup Page using the text Create One as shown above.
